

Paper Studio Clean up List

- Lift up the lid (Reina and Rebecca beaters), spray around the roll to remove trapped fiber.
- Rinse out the beater, run the beater until all pulp is gone.
- Clean the insides of the vats with a scrubbie and a scrubbie and cleanser (if there is dye in the vat).
- Brush off felts and hang to dry.
- Hose off the laundry basket mesh until pulp is gone.
- Squeegee the tables off to remove pulp.
- Hose down the floor, use the floor squeegee or broom to push the water and the pulp towards the drain trap.
- Rinse out any buckets, laundry baskets, moulds/deckles, sieves, etc until all pulp is gone.
- Stack buckets to dry in the corner like a pyramid.
- Hang up any squeegees or brooms.
- Close the window.
- Clean out the floor mesh and put in a new floor mesh.

Thank you for helping keep the Paper Studio clean!
