YOUR ENVIRONMENT

MCAD is situated in the middle of Whittier neighborhood in Minneapolis, home to the world-renowned Minneapolis Institute of Art (Mia), famed Eat Street, lots of green space, and a vibrant, multicultural community.

The college campus includes classrooms, galleries, artist studios, dining, library, and student housing. As a new student, you are required to live on campus for the first two years

in MCAD's on-campus apartments. These are private, shared residences with kitchens and bathrooms, not crowded dorms. Living on campus puts you right in the center of it all.

Check out mcad.edu/student-life for much more information, and start to imagine yourself at MCAD!

Also peruse whittieralliance.org and artsmia.org to see what's coming up.
