

# FOUNDATIONS 3D PRINTING

These worksheets are here to help you be as prepared as you can be to have a great experience, and are meant as a conversation starter between you and your professor about your project before meeting with shop staff. **Completed worksheets are due at the time of appointment: students without completed worksheets at the time of appointments are subject to appointment cancellation**

Name: \_\_\_\_\_ Date of Appointment: \_\_\_\_\_  
Class Title: \_\_\_\_\_ Name of Faculty: \_\_\_\_\_  
Area/Process reserved: \_\_\_\_\_  
Time period reserved: \_\_\_\_\_

## PRE-PRINT CHECKLIST

Before your appointment, please verify that you have completed the following:

- I am enrolled in \_\_\_\_\_'s Foundations class.
- Made an appointment** on 3dshop-appointments.mcad.edu 24 hours in advance
- I have converted my .stl file to .cube3 on the Cubify software  
\*\*Online: <http://www.3dsystems.com/shop/cube/downloads>
- I have transferred my .cube3 file to a flashdriv

*A gentle reminder that any 3D modeling processes occurring on Form Z or any other external platforms are the responsibility of the student in conjunction with curriculum before printing. A file is considered ready for printing when exported into valid, .cube3 file types.*
