Website: serviceb.mcad.edu

Appts: calendly.com/mcadsb

Fall and Spring Semester Hours

Monday-Friday Saturday-Sunday

9am-7pm

10am-7pm

Digital Print Lab - Room 231

Open 24/7

Payment

Payment is handled through PaperCut, our print management system. Every user has an account, accessible at papercut.mcad.edu.

Personal vs. Academic/Admin Use

Public printing is automatically charged back to your department. Personal print/copy can be charged to your account via SB staff. Be sure to touch base with SB staff for any personal prints/copies so they can be charged properly. Your personal PaperCut account can be revalued online or with a card from the Art Cellar. Ask SB staff for details.

Basic Services

Self-Serve Laser Prints and Copies

- On-demand Color and BW prints
- Public Printers: 225 Main, 3rd Floor Main, Library, 4th Floor Main (BW only)

Black and White Copies

- Submit orders in person or via email
- Various paper options including colors
- Finishing: duplex, fold, staple, booklet, 3-hole punch
- Great for syllabi, handouts, zines, etc.

ImagePress/HP Color Laser Prints/Copies

- Color prints and copies
- Various paper options including colors
- Finishing: duplex, fold, staple, booklet
- Great for cheap color prints, mockups, test prints, photo contact sheets, color hand-outs, process books, anything that does not require photo-quality.

Scan to PDF

- We turn your documents into color or BW PDFs

PlotWave 3500

- Large format BW laser prints
- Paper, vellum (36" x 100") or newsprint
- Great for screen printing, BW posters, mockups
- Scans in BW or color up to 36" wide

Risograph Prints

- Screenprint-style color prints (see booklet)

Epson 17" and 24" Inkjet Prints

- Photo-quality ink jet prints
- Self-serve in DPL or Full Service
- Variety of professional papers available
- Handles a wider variety of media than laser printers
- 24": Rolls or sheets up to 24" wide
- 17": 17" wide rolls, up to 96" long
- Great for final projects, posters, illustrations, designs, photos, high quality books

Banner Prints

- Large format photo-quality inkjet prints
- Up to 44" wide, up to 100' long
- Variety of papers and media available
- Great for final projects, posters, illustrations, designs, photos

Binding

- Perfect Bind: glue spine, wraparound cover. Great for final books, process books, best for more than 25 pages
- Wire Bind: 3 colors and sizes, opens flat
- Coil Bind: many colors and sizes, opens flat

Vinyl and Paper Cutting

We can cut your designs out of paper, sticker media, or adhesive-backed vinyl.

Cutting/Trimming

- We can cut your stacks of copies/prints or trim your book

visit serviceb.mcad.edu for all resources and turnaround times

More Services/Supplies/Media

Corner Rounder, Hole Punch, and Perforator

For punching holes, or putting round corners or perforations on your prints, documents, and books.

Supplies

Epson Inkjet Paper, Color Copy Paper, sticker media, and various other sheet paper and media.

Making Copies: Fair Use

Instructors submitting material for copying or scanning are responsible for evaluating on a case-by-case basis whether the use of a copyrighted work falls under Fair Use. There is a Fair Use Attribution form you must fill out and submit for each copy request. The form is intended to assure that you examine all factors surrounding the circumstances of your proposed use. Forms and a Fair Use Primer are available in the SB and online.

Emailing Copy/Print Orders

Please email copy/print requests to the SB. Email forms are available on our intranet site. Download forms, fill out the information in Acrobat *completely*, and attach all files for output, including (if necessary) a Fair Use Attribution Form.

Projects: Academic and Administrative

For large scale, extended, or critical projects, please contact the SB well in advance. We want to make sure we are capable of doing the project as well as able to commit the proper resources to its completion.

Class Visits, Demos + Appointments

If your assignments will require your students to use the SB, make sure you understand how they will be utilizing the SB. Ask questions before projects are given and, if necessary, we can give you a demo, or give one to your class. We can also visit your class to convey more detailed information or instructions for a given project. Make appointments at serviceb.mcad.edu

Making Copies: From Books

SB staff *will not make copies directly from books* for copyright reasons. Patrons need to make a master original of their own to supply for copying. Ask SB staff for more info. Public copiers in Library, 3rd Floor Main, and 4th Floor Main.

Student Support

We can assist in showing students proper print settings, how to set up files, and make process and technique recommendations; we do not teach students how to use software. If we feel a student's level of need for support is greater than we can provide, we will refer them to their teacher or the Learning Center.
