*A guide to Service Bureau style
resources for Alumni.*

The MCAD Service Bureau offers access to Alumni for up to one year after they graduate. After that Alumni need to find non-MCAD resources for their print-related needs. This booklet contains some suggestions in the MPLS/STP area.

For Alumni who are within their one year window, visit serviceb.mcad.edu and click on the [*Alumni Access Proposal Form*](#) link to submit a proposal. Alumni staff will review requests and confirm within one business day. All services will be performed by SB staff and payment collected by Alumni office staff.

There are 2 main types of printer in the Service Bureau:

Laser or Ink Jet

Laser printers use **Toner Powder** which adheres to the surface of the paper with **heat**. Paper with a slick coating (especially transparencies) can **melt** if they are not **Laser-Safe**.

Ink Jet printers use **wet ink** which sinks into the paper. Paper not treated to take ink will **bleed** and print will be **light/dull** in color.

THE KONICA:

bizhub pro C6000L

- Color Laser printer.
- Most office centers will have one (Kinkos, Staples, Office Max, UPS store etc.) or more.
- Most industrial laser printers have a finishing unit which can fold, staple, hole punch etc. be sure to ask about those options if not advertised.

THE OCE:

plotwave 350

- Large format black and white Laser printer.
- May be called a plotter, is generally used for blueprints and engineering prints.

THE EPSON:

surecolor p5000 or stylus pro 7900 (DPL)

- Photo quality Ink Jet printers.
- Prints may be referred to as “archival Giclee” prints.
- New “pro-sumer” models like the Epson SureColor p800 can be purchased for under \$1500
- You can buy a refurbished one for fairly cheap online but the ink cartridges are expensive.
- Only specialty shops will have similar machines.

THE BANNER:

stylus pro 9800 or surecolor p9000

- Large format photo quality Ink Jet Printer.

What are you making? What you should look for:

cheap posters

zines

art books

comic books

blue lines

portfolio

resume

business cards

Laser Printer/Copier

screen printing transparencies

large format fine art prints/
photographs

fine art prints

photographs

**Ink Jet Printing
or Giclee/Archival**

When in doubt, Google it.

“where to make big color print minneapolis”

“minneapolis print color big”

etc.

read reviews.

- wide format printing

Online Print Vendors

www.shutterfly.com
www.vistaprint.com

Photo Quality Print Shops

West Photo

www.westphoto.com

- Full service Epson prints
- Wide selection of paper/canvas
- Sizes from 8.5x11-44"x?
- Price range from \$7.50-\$30 for sheets, banners priced by inch.
"I've been using WestPhoto for Epson prints. It's more expensive but if you do a larger sheet and gang them all up its not too bad. The color is awesome. But they don't let you supply your own paper."
- Sami Foust '09

Minneapolis Center for Photography

www.mplsphotocenter.com

- Member (\$25/month) and non-Member (\$35/day) pricing
 - Full Service Bureau/Darkroom/Studio/Lighting/Lectures/West Photo discounts (with membership)

www.bookbaby.com

- Self-publishing/Print-on-demand service
- Paperback book printing in many sizes
- Matte and glossy cover finishes
- Color or BW
- Online quoting tool
- Distribution and marketing services available

Screen Printing

Repro Graphics

www.thomasrepro.com

-Large format plotting (black and white laser) on vellum or mylar

-Many other printing services

-3 twin cities locations

Recommended by Natasha Pestich

.....

Printing transparencies for screenprinting negatives can be done on simple transparency sheets at any copy shop with somewhat questionable results.

If using a copy shop, you can try bringing in your own film to print with, **Xante Myriad Vellum Film** is what the SB carries.

We recommend using an inkjet printer for a more opaque black. You can do this at one of the suggested photo quality print shops or on your home printer using Matte paper settings if possible.

Inkpress Transparency Film is formulated for creating screen positives and negatives, you may use it on any Ink Jet printer, this is what the SB carries.

.....

Paper and Supplies

Anchor Paper Express

www.anchorpaper.com • (651) 783-5955

-Huge warehouse with many, many paper options

-Paper comes in large sheets and can be cut to size
