

ACIDS, SOLVENTS, PAINTS - SDS SAFETY CHART

CODE	ITEM	MANUFACTURER	FIRST AID	HEALTH HAZARD	FLAMMABILITY	CHEMICAL REACTIVITY
A1	Hydrochloric Acid	Mallinckrodt Chemicals	<p>Eye Contact: Immediately Flush eyes with plenty of water for at least 15 minutes, lifting lids. Get medical attention immediately.</p> <p>Skin Contact: Flush skin with plenty of water for at least 15 minutes while removing contaminated clothing.</p> <p>Inhaled: Move victim to fresh air. Give oxygen if breathing is labored, and seek medical attention.</p> <p>Swallowed: DO NOT INDUCE VOMITING. Give large quantities of water or milk. Get medical attention immediately.</p>	<p>Health: 3</p> <p>Poison/Danger/Corrosive. Liquid may cause severe burns to all body tissue. May be fatal if swallowed or inhaled. Inhalation may cause lung damage.</p>	<p>Flammability: 0</p> <p>If involved in a fire, use water spray and neutralize with soda ash or slaked lime.</p>	<p>Reactivity: 2</p> <p>Stable under ordinary conditions of use/storage.</p> <p>Dangerous if heated. Incompatible with strong mineral acids, strong bases, metals, metal oxides, hydroxides, amines, carbonates, and alkalis.</p>
A2	Glacial Acetic Acid	Eastman Kodak Company	<p>Eye Contact: Flush with plenty of water for 15 minutes. Get medical attention.</p> <p>Skin Contact: Remove contaminated clothing and wash skin with soap and water.</p> <p>Inhaled: Move victim to fresh air. Give oxygen if</p>	<p>Material is a corrosive acid solution and will cause irritation and burns to eyes, skin, respiratory tract, and gastrointestinal tract. Prolonged exposure may cause scarring and</p>	<p>Flash Point: 103F, Flammable Limits N/A</p>	<p>Stable</p> <p>Avoid strong oxidizing agents, amines, and all bases, as well as heat and open flames.</p>

			breathing becomes difficult. Swallowed: DO NOT INDUCE VOMITING. Give large quantities of water to dilute material. Get medical attention immediately.	infection of liver and kidney.		
A3	Nitric Acid	Phoenix Industries Inc.	Eye Contact: Immediately Flush eyes with plenty of water for at least 15 minutes, lifting lids. Seek medical attention. Skin Contact: Flush skin with plenty of water for at least 15 minutes while removing contaminated clothing. Inhaled: Move to fresh air. Give oxygen if breathing is labored, and seek medical attention. Swallowed: DO NOT INDUCE VOMITING. Give large quantities of water or milk. Seek medical attention immediately.	Corrosive/Reactive/Poison. May cause breathing difficulties, pulmonary edema, burns to skin, eyes, and throat, and chronic exposure may cause erosion of teeth, and lung damage.	Flash Point N/A, Flammable Limits N/A	Stable under ordinary conditions of use/storage. Avoid light and heat, as well as strong oxidizing agents, bases, metallic powders, carbides, hydrogen sulfide, turpentine, and combustible organics.
A4	Phosphoric Acid	EMD Chemicals Inc.	Eye Contact: Remove contact lenses. Flush eyes with plenty of water for at least 15 minutes, and get medical attention immediately. Skin Contact: Flush skin with plenty of water for at	Health: 2 Harmful if inhaled or swallowed. Causes eye and skin burns, and respiratory tract irritation.	Flammability: 0 Flash Point N/A, Flammable Limits N/A	Reactivity: 0 Stable

			<p>least 15 minutes while removing contaminated clothing. Cover irritated skin with emollient.</p> <p>Inhaled: Move to fresh air. Give oxygen if breathing is labored, and seek medical attention.</p> <p>Swallowed: Do not induce vomiting unless directed by a medical professional. Loosen tight clothing at collar and waistband. Seek medical attention immediately.</p>			
A5	Blanket and Roller Solvent	Varn Products Inc.	<p>Eye Contact: Flush eyes with plenty of water for at least 15 minutes.</p> <p>Skin Contact: Wash with soap and water and remove contaminated clothing.</p> <p>Inhaled: Move to fresh air. Restore breathing if necessary, and seek medical attention.</p> <p>Swallowed: DO NOT INDUCE VOMITING. Give 1-2 tablespoons vegetable oil. Seek medical attention immediately.</p>	<p>May cause irritation to skin and eyes, as well as respiratory tract. Dangerous if swallowed.</p>	<p>Flash Point: 106F, Flammable Limits: 1%-6.5%</p>	<p>Stable</p> <p>Avoid strong oxidizing agents.</p>
A6	Boiled Linseed Oil	Ace, W.M. Barr and Company Inc.	<p>Eye Contact: Remove Contact Lenses. Flush eyes with plenty of water</p>	<p>May cause irritation to eyes, skin, and respiratory tract, as</p>	<p>Flash Point: 250F, Flammable</p>	<p>Stable</p> <p>Incompatible</p>

			<p>for at least 15 minutes. Skin Contact: Wash with soap and water. Inhaled: Move to fresh air. Provide oxygen as needed until medical assistance can be rendered. Swallowed: Call your poison control center, emergency room, or physician immediately for instructions.</p>	<p>well as nausea, vomiting, and diarrhea if ingested.</p>	<p>Limits N/A</p>	<p>with strong oxidizing agents.</p>
A7	Acetone	Ace	<p>Eye Contact: Flush eyes with plenty of water for at least 15 minutes. Skin Contact: Wash with soap and water. Inhaled: Move to fresh air. Provide oxygen as needed, and seek medical attention. Swallowed: Call your poison control center. Emergency room, or physician for instructions</p>	<p>Health: 2 May cause dizziness, headache, drowsiness, nausea, numbness, and irritation to skin and eyes. Dangerous if swallowed. Repeated exposure may cause neurological damage.</p>	<p>Flammability: 3 Flash Point: -4.00F, Flammable Limits: 2.6% Extremely flammable, keep away from heat, sparks, and flame. Vapors may cause flash fire/explosions.</p>	<p>Reactivity: 0 Stable Incompatible with strong oxidizing agents and hydrogen peroxide.</p>
A8	Graphic Stop Out Varnish	Graphic Chemical and Ink Co.	<p>Eye Contact: Flush eyes with plenty of water for at least 15 minutes, holding eyelids open. Skin Contact: Wash with soap and water. Inhaled: Move to fresh air.</p>	<p>May cause irritation to eyes and skin. May cause defatting if inhaled. Harmful if ingested.</p>	<p>Flash Point: 54F, Flammable Limits: 3.3%</p>	<p>Stable Avoid strong oxidizers, high heat, sparks, and open flames.</p>

			Provide oxygen as needed. Swallowed: Do not induce vomiting. Get medical attention immediately.			
A9	Odorless Paint Thinner	Sunnyside Corp	Eye Contact: Flush eyes with plenty of water for at least 15 minutes, holding eyelids open. Skin Contact: Remove contaminated clothing. Flush with water, followed by soap and water. Inhaled: Move to fresh air. Provide oxygen as needed. Swallowed: Do not induce vomiting. If vomiting occurs, keep head supported. Seek medical attention immediately.	May cause eye, skin, and respiratory irritation, as well as dizziness or vomiting if inhaled or ingested. Seek immediate medical attention if ingested.	Flash Point: 120F, Flammable Limits: 1.3%	Stable Avoid strong oxidizing agents such as liquid chlorine or concentrated oxygen. Avoid heat, sparks, and flame.

CODE	ITEM	MANUFACTURER	FIRST AID	HEALTH HAZARD	FLAMMABILITY	CHEMICAL REACTIVITY
A10	Gum Spirits of Turpentine	Sunnyside Corporation	Eye Contact: Remove contact lenses. Flush eyes with copious quantities of running water for at least 15 minutes. Skin Contact: Remove contaminated clothing. Wash with soap and water. Inhaled: Move to fresh air. Get medical attention if symptoms persist.	May cause chemical burns to eyes and skin. Vapors can produce headaches, dizziness, vertigo, chest pain, pulmonary edema, and narcosis. If ingested can	Flash Point: 91F, Flammable Limits: 0.8% Vapors may cause flash fire/explosion. May cause moderate fire when heated.	Stable when stored in a cool, and well ventilated area. Avoid acids or acidic materials and strong oxidizing agents. Avoid heat.

			<p>Swallowed: Do not induce vomiting. Give 1-2 glasses of water or milk. Seek medical attention.</p>	<p>produce nausea, serious illness, or even death.</p>		
A11	Lacquer Thinner	Ace, W. M. Barr	<p>Eye Contact: Flush eyes with large quantities of water for at least 15 minutes, and seek medical attention.</p> <p>Skin Contact: Wash with soap and water.</p> <p>Inhaled: Move to fresh air. Provide oxygen and medical assistance as needed.</p> <p>Swallowed: Call your local poison control center, emergency room, or physician immediately for instructions to induce vomiting. Note to Physician: This product contains methanol which can metabolize and cause visual disturbances/blindness. Methanol is effectively removed by hemodialysis.</p>	<p>Health: 2</p> <p>May cause headache, dizziness, numbness, and fatigue if inhaled. Misuse or deliberately concentrating and inhaling can be harmful or fatal. May cause conjunctivitis of eyes, and numbness of skin. Is poisonous if ingested. May be cause blindness and be fatal.</p>	<p>Flammability: 3</p> <p>Flash Point: <20F, Flammable Limits N/A</p>	<p>Reactivity: 0</p> <p>Stable</p> <p>Incompatible with strong oxidizing agents, caustics, hydrogen peroxide, and nitrates.</p>
A12	Graphic Liquid Asphaltum	Graphic Chemical and Ink Co	<p>Eye Contact: Flush eyes with water for at least 15 minutes, holding eyelids open.</p> <p>Skin Contact: Wash with soap and water.</p>	<p>May cause eye and skin irritation, and narcosis if inhaled, as well as headache, nausea, dizziness, and</p>	<p>Flash Point: 85F, Flammable Limits N/A</p>	<p>Stable</p> <p>Avoid Heat</p>

			<p>Inhaled: Move to fresh air. Provide oxygen as needed.</p> <p>Swallowed: Do not induce vomiting. Get medical attention immediately.</p>	diarrhea. Ingestion may be harmful		
A13	Lithotine	Jell Chemicals, Inc.	<p>Eye Contact: Flush eyes with large quantities of water for at least 15 minutes, and seek medical attention if symptoms persist.</p> <p>Skin Contact: Remove contaminated clothing. Wipe away excess from skin and wash with soap and water.</p> <p>Inhaled: Move to fresh air. Provide oxygen and medical assistance as needed.</p> <p>Swallowed: Do not induce vomiting unless consulted to do so by a physician. Seek medical attention immediately. Note to Physician: Component may cause severe, permanent damage if aspirated.</p>	<p>May cause irritation to eyes, skin, and respiratory tract. High concentrations of vapor may produce central nervous system depression. Ingestion may result in vomiting and severe lung damage. Chronic overexposure may cause damage to the kidneys.</p>	<p>Flash Point: 108F,</p> <p>Flammable Limits N/A</p>	<p>Stable</p> <p>Avoid oxidizing materials and chlorinated compounds.</p>
A14	(Klean Strip) Odorless Mineral Spirits	Klean Strip, W. M. Barr	<p>Eye Contact: Immediately begin to flush eyes with water and remove any contact lens. Continue to flush eyes for at least 15 minutes. Seek medical</p>	<p>Health: 1</p> <p>May cause irritation to eyes and skin. Vapors are harmful and there is a</p>	<p>Flammability: 2</p> <p>Flash Point: >170F,</p> <p>Flammable Limits</p>	<p>Reactivity: 0</p> <p>Stable</p> <p>Incompatible with oxidizing agents.</p>

			<p>attention.</p> <p>Skin Contact: Remove contaminated clothing. Wash skin thoroughly with soap and water.</p> <p>Inhaled: Move to fresh air. Provide oxygen as needed. Seek medical attention.</p> <p>Swallowed: Do NOT induce vomiting. Seek immediate medical attention. Call a physician, emergency room, or poison control.</p>	<p>danger of serious damage to health by prolonged exposure. Considered harmful or fatal if swallowed. May cause gastrointestinal irritation, nausea, vomiting, and diarrhea. Chronic overexposure may cause neurological or physiological damage.</p>	0.6%-7.0%	
A15	Denatured Alcohol	ACE, W.M. Barr	<p>Eye Contact: Flush with large quantities of water for at least 15 minutes. If irritation persists, get medical attention.</p> <p>Skin Contact: Wash with soap and water.</p> <p>Inhaled: Move to fresh air. Provide oxygen and medical assistance as needed.</p> <p>Swallowed: Call your poison control center, emergency room, or physician immediately for instructions to induce vomiting. Note to physician: Poison. This product contains methanol, which is</p>	<p>Health: 1</p> <p>May cause irritation to eyes and skin. Vapor is harmful if inhaled. May cause dizziness, headache, drowsiness, nausea, and vision problems. Product is poisonous and may cause blindness or fatality if swallowed. May produce fluid in the lungs and pulmonary edema.</p>	<p>Flammability:3</p> <p>Flash Point: 45F, Flammable Limits 1.00%</p>	<p>Reactivity: 0</p> <p>Stable</p> <p>Incompatible with strong oxidizing agents.</p>

			metabolized to formaldehyde and formic acid.			
A16	Parts Washer Solvent (Safety Kleen Premium Solvent)	Safety Kleen Systems, Inc.	<p>Eye Contact: Immediately flush eyes with plenty of lukewarm water, holding eyelids apart for 15 minutes. Get medical attention.</p> <p>Skin Contact: Remove affected clothing and shoes. Wash skin with soap and water.</p> <p>Inhaled: Move to fresh air. Provide oxygen and medical assistance as needed.</p> <p>Swallowed: Do NOT induce vomiting. Immediately get medical attention. Call 1-800-468-1760 for additional information. If vomiting occurs, keep head below hips to avoid breathing product into lungs.</p>	<p>Health: 1</p> <p>May cause irritation to eyes, skin, and respiratory tract, and may be harmful if inhaled or swallowed, causing dizziness, numbness, effects to the central nervous system, coma, or death.</p>	<p>Flammability: 2</p> <p>Flash Point: 148F, Flammable Limits 0.7%-5.0%</p>	<p>Reactivity: 0</p> <p>Stable</p> <p>Avoid heat, sparks, or flame. Avoid acids, alkalis, oxidizing agents, reducing agents, or reactive halogens.</p>
A17	Citric Acid	Mallinckrodt Baker, Inc.	<p>Eye Contact: Immediately flush eyes with plenty of lukewarm water, holding eyelids apart for 15 minutes. Get medical attention.</p> <p>Skin Contact: Remove</p>	<p>Health: 1</p> <p>May cause irritation in eyes, skin, and respiratory tract. Causes irritation to gastrointestinal</p>	<p>Flammability: 1</p> <p>Flash Point: 1852F, Flammable Limits N/A</p>	<p>Reactivity: 2</p> <p>Stable under ordinary conditions of storage/handling.</p>

			<p>affected clothing and shoes. Flush skin with plenty of water for at least 15 minutes.</p> <p>Inhaled: Move to fresh air. Provide oxygen and medical assistance as needed.</p> <p>Swallowed: Induce vomiting immediately as directed by a medical professional.</p>	<p>tract, and chronic exposure may cause tooth enamel erosion.</p>		<p>Incompatible with metal nitrates, alkali carbonates, and bicarbonates.</p>
A18	California Wash	Flint Group, Varn International, Inc.	<p>Eye Contact: Flush eyes with plenty of water, holding eyelids apart for 15 minutes, and removing contacts. Get medical attention if irritation continues.</p> <p>Skin Contact: Remove affected clothing and shoes. Flush contaminated skin with plenty of water.</p> <p>Inhaled: Move to fresh air. Loosen tight clothing at waist and collar. Provide oxygen and medical assistance as needed.</p> <p>Swallowed: Get medical attention immediately. Wash out mouth with water, remove dentures if any. Give small quantities of water to drink. Do NOT induce vomiting. Loosen</p>	<p>May cause irritation to eyes, skin, and respiratory tract. May cause nausea and vomiting if ingested and may be fatal if swallowed or enters airways.</p>	<p>Flash Point N/A, Flammable Limits N/A</p>	<p>Stable</p> <p>Avoid spark and flame.</p> <p>Incompatible with oxidizing materials.</p>

			tight clothing and contact poison control.			
A19	Tannic Acid	Sciencelab.com Inc.	<p>Eye Contact: Check for and remove contact lenses. Immediately flush eyes with plenty of water, cold water may be used. Seek medical attention.</p> <p>Skin Contact: Remove affected clothing and shoes. Immediately flush skin with plenty of water. Cover irritated skin with an emollient. Seek medical attention.</p> <p>Inhaled: Move to fresh air. Provide oxygen as needed. Seek medical attention.</p> <p>Swallowed: Do NOT induce vomiting, unless instructed to do so by a medical professional. Loosen tight clothing, and seek medical attention.</p>	<p>Health: 2</p> <p>May cause irritation to eyes, skin, respiratory tract, and gastrointestinal tract. Chronic exposure may be toxic to kidneys and liver.</p>	<p>Flammability: 1</p> <p>Flash Point: 390F,</p> <p>Flammable Limits N/A</p>	<p>Reactivity: 0</p> <p>Stable</p> <p>Avoid excessive heat.</p> <p>Incompatible with oxidizing agents and alkalis.</p>
A20	Oxalic Acid	Sciencelab.com Inc.	<p>Eye Contact: Check for and remove contact lenses. Immediately flush eyes with plenty of water, cold water may be used. Seek medical attention.</p> <p>Skin Contact: Remove affected clothing and shoes. Immediately flush skin with plenty of water.</p>	<p>Health: 3</p> <p>Hazardous to skin, eyes, and if inhaled or ingested. May cause corneal damage or blindness, lung damage, choking, and even death.</p>	<p>Flammability: 1</p> <p>Flash Point N/A,</p> <p>Flammable Limits N/A</p>	<p>Reactivity:0</p> <p>Stable</p> <p>Avoid excessive heat, oxidizing agents, metals, and alkalis.</p>

			<p>Cover irritated skin with an emollient. Seek medical attention.</p> <p>Inhaled: Move to fresh air. Provide oxygen as needed. Seek medical attention.</p> <p>Swallowed: Do NOT induce vomiting, unless instructed to do so by a medical professional. Loosen tight clothing, and seek medical attention.</p>	<p>Chronic exposure may cause kidney and liver damage, as well as damage to the nervous system, eyes, heart, brain, and skin.</p>		
A21	Aluminum Potassium Sulfate	Sciencelab.com Inc.	<p>Eye Contact: Check for and remove contact lenses. Immediately flush eyes with plenty of water, cold water may be used. Seek medical attention.</p> <p>Skin Contact: Remove affected clothing and shoes. Immediately flush skin with plenty of water. Cover irritated skin with an emollient. Seek medical attention.</p> <p>Inhaled: Move to fresh air. Provide oxygen as needed. Seek medical attention.</p> <p>Swallowed: Do NOT induce vomiting, unless instructed to do so by a medical professional. Loosen tight clothing, and seek medical attention.</p>	<p>Health: 2</p> <p>May cause irritation to eyes, skin, respiratory and gastrointestinal tracts.</p>	<p>Flammability: 0</p> <p>Flash Point N/A, Flammable Limits N/A</p>	<p>Reactivity: 0</p> <p>Stable</p> <p>Incompatible with oxidizing agents, metals, and alkalis.</p>

A22	Ferric Chloride Etchants	Phibro-Tech Inc.	<p>Eye Contact: Immediately flush with copious amounts of water for at least 15 minutes while holding eyelids apart. Seek medical attention</p> <p>Skin Contact: Remove affected clothing and shoes. Wash affected area thoroughly with water.</p> <p>Inhaled: Move to fresh air. Provide oxygen as needed. Consult a physician.</p> <p>Swallowed: Do NOT induce vomiting. Give two glasses of water or milk. Seek immediate medical attention.</p>	<p>May cause irritation to eyes and skin. Harmful if ingested, may lead to vomiting, and delayed hemorrhagic necrosis, or even death.</p>	<p>Flash Point N/A, Flammable Limits N/A</p>	<p>Stable</p> <p>Incompatible with metals, strong bases, and oxidizers.</p>
A23	Anco Tannic Acid Plate Etch	Jell Chemicals, Inc.	<p>Eye Contact: Immediately flush eyes with water for at least 15 minutes.</p> <p>Skin Contact: Remove contaminated clothing and shoes. Wipe excess from skin and flush with water, using soap if available.</p> <p>Inhaled: Move to fresh air. Provide oxygen as needed. Consult a physician.</p> <p>Swallowed: Dilute with liquid unless the victim is unconscious or drowsy. If vomiting occurs, keep head below hips to prevent aspiration. Consult a</p>	<p>May cause irritation to eyes, skin, and respiratory tract. Product is mildly toxic if ingested, and may cause nausea, diarrhea, and vomiting.</p>	<p>Flash Point N/A, Flammable Limits N/A</p>	<p>Stable</p> <p>Avoid oxidizing materials and alkaline materials.</p>

			physician.			
A24	Stops Rust Crystal Clear Aerosol	Rust-Oleum Corporation	<p>Eye Contact: Hold eyelids apart and flush with plenty of water for at least 15 minutes.</p> <p>Skin Contact: Wash with soap and water.</p> <p>Inhaled: Move to fresh air. Seek medical attention as needed.</p> <p>Swallowed: Aspiration hazard. Do NOT induce vomiting. Seek medical attention.</p>	<p>May cause irritation to eyes and skin, and vapors are harmful if inhaled. Aspiration hazard if ingested. Overexposure may cause central nervous system disorder, and is harmful to kidney, liver, lung, and spleen.</p>	<p>Flash Point: -156F, Flammable Limits 0.9%-12.8%</p>	<p>Stable</p> <p>Avoid high temperatures and sources of ignition. Incompatible with strong oxidizing agents, acids, and alkalis.</p>
A25	Krylon Interior/Exterior Gloss Paint	Krylon, Sherwin-Williams Company	<p>Eye Contact: Flush eyes with large amounts of water for 15 minutes.</p> <p>Skin Contact: Wash with soap and water. Remove affected clothing.</p> <p>Inhaled: Remove from exposure, restore breathing, and keep warm and quiet.</p> <p>Swallowed: Do NOT induce vomiting, seek medical attention immediately.</p>	<p>May cause irritation to eyes, skin, and respiratory tract. May cause nervous system depression. Extreme overexposure may result in unconsciousness or even death. Harmful if swallowed.</p>	<p>Flash Point: <0F, Flammable Limits 1.0%-13.1%</p>	<p>Stable</p>
A26	PTouch 2x	Rust-oleum	<p>Eye Contact: Immediately flush eyes with plenty of water for at least 15 minutes holding eyelids open. Get medical</p>	<p>Health: 2</p> <p>Causes serious eye irritation.
